The repair shall be done instantly and will be charged according to costs.

You will be informed about the actual costs of this repair after the repair has been completed.

A cost estimation will be done before the repair is carried out.

The repair will only then be carried out after approval of the estimation.

A charge is fixed for the inspection.

This charge is between EUR 300.00 and EUR 700.00.

The level depends on the complexity of the device to be repaired and its condition (dirty).

We will inform you about the inspection charge with the order entry confirmation.

If you have any further questions, please do not hesitate to contact us.

Should you decide to not order the repair after inspection and cost estimation, you will only have to pay the incurred costs.

I hereby release costs up to maximum EUR _____.

If the effort is higher than this amount, we will send you a cost estimation.

Is the effort below this amount the repair will be carried out immediately.

Herewith we confirm that this unit is not contaminated, by any chemical, Biological or radioactive substances.

(This information is mandatory.)
