RoHS Conformity

Dear customer,

The EU-Guideline 2011/55/EU (English abbreviation RoHS) d.d. 08. June 2011 for the restriction of use of certain dangerous substances in electrical and electronically devices and the amendment made by Article 1 of Directive from April, 19th 2016 will be taking effect on 15th of July 2016.

The goal of the guideline is among other things to make a contribution to the protection of health and environmentally friendly recycling and disposal of used electrical and electronically devices.

This Directive lays down rules on the restriction of use of hazardous substances in electrical and electronic equipment in order to contribute to the protection of human health and the environment, including the environmentally sound recovery and disposal of waste electrical and electronic equipment.

The FuG Elektronik GmbH is aware of your responsibility to the customers and the environment, and contributes to achieving this standard by optimized production processes, environmentally friendly processes and selected materials in.

We hereby confirm our products' conformity to the above Directive.

If you have questions please feel free to contact us any time.

Schechen, January 2018

FuG Elektronik GmbH
